

75th International Executive Council meeting & 9th Asian Regional Conference

Report on WWF10 from Japan

Kenji Washino
Ministry of Agriculture, Forestry and Fisheries (JNCID)

3 September 2024

The 10th World Water Forum (WWF10)

May 18th to 25th, 2024 📍 **Bali, Indonesia**

75,000 attended from 160 countries

- The World Water Council (WWC), together with the host country, holds one of the world's largest international conferences on water every three years around World Water Day (March 22).
- Stakeholders around the world gather to discuss and exhibit solutions to various issues related to water and sanitation on the planet.

Opening Ceremony

Video Message by the Japanese Emperor

How did Japan contribute to WWF10?

.. Exhibition Booth

.. Workshops

.. Thematic Sessions

Exhibition Booth

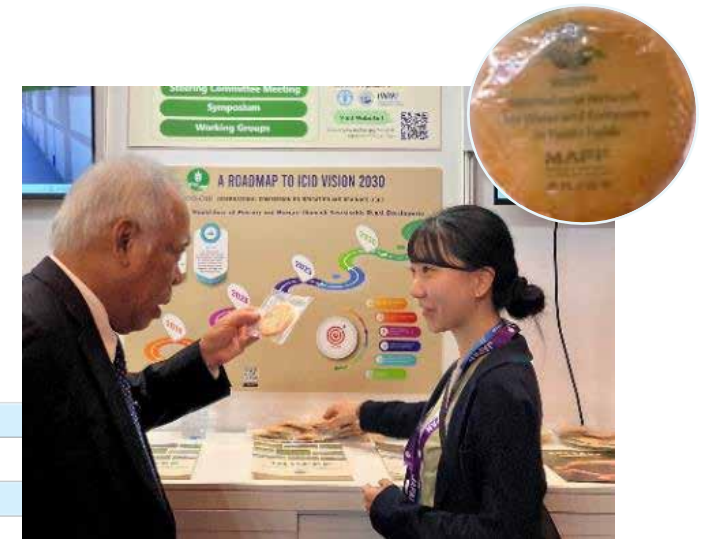

- In Japan Pavilion, we (1) displayed **posters showing the activities of ICID** and International Network for Water and Ecosystem in Paddy Fields (INWEPPF), (2) showed a video promoting Japanese irrigation and drainage technology, and (3) distributed pamphlets introducing the multi-functionality of paddy fields and beautiful Japanese rural scenery.
- More than 500 people, including the Minister of Public Works and Housing of Indonesia (PUPR), visited MAFF's booth.
